

Fruit and Vegetable Programs

"Qualified Through Verification" (QTV)

QTV is a voluntary quality assurance program that enhances the manufacturing of wholesome and safe fresh-cut fruits, vegetables, and related products.

QTV Program Benefits:

- Identifies process deficiencies before production.
- Validates a company's Hazard Analysis Critical Control Point (HACCP) plan through on-site audits.
- Helps your company maintain strong manufacturing processes.
- Offers a recognizable shield for product packaging.

How to apply for the QTV Program:

Schedule an on-site presentation for your senior management, or obtain additional information by contacting:

Chief, Processed Products Branch

Telephone: (202) 720-4693

Fax: (202) 690-1527
